

www.fishnetcreations.com

Thank you for considering having your professional actor site designed by Fish Net Creations! Below is what is included with your site.

- Your own domain name (ie www.DesireeMarkella.com)
- Your own email address that can be forwarded to another email address (ie info@desireemarkella.com)
- You can post up to 5 short video clips (5 min or less) on your site or an equivalent of 20 minutes (any thing above 20 min total will cost an extra \$10).
- You can have 3 picture galleries (ie headshots, lifestyle, onset photos). I connect your website to flickr.com or another gallery sharing site and have it present your pictures in a nice streamlined slideshow. This way, you can easily update your pictures on your own. If you choose not to update on your own, or wish not to, you can send the pictures to me and I will update for no additional charge.
- Resume – I typically link your 800casting.com account to your site to use as your resume, that way when you update your 800casting for your agent, you're killing 2 birds with one stone. If you do not have an 800casting, we will discuss other options.
- You will have a simple flash intro page.
- The front page I use to let you describe a little about yourself.
- News page – this is updated by you. I implement twitter to do this. You can update your website by simply sending a text from your cell phone. I will walk you through how to do this the first time, after that, it's a piece of cake! You can also update online.
- Contact page – will have your agents' info, along with any personal info you want to put there (myspace page, email, IMDB link, etc – I don't recommend putting your own phone number on there).
- In addition to the original site design, every *two years* I will do a FREE design update to your pages with your new pictures. Most people get new headshots every two years, get a website that updates with you!

In order to create the site, this is what I need from you:

- At the very least **6** of your favorite pictures of yourself – these would be professional headshots or some really nice lifestyle pictures you may have. The best way is the send this by email. I need the largest file you have of each picture, so you may have to send them one at a time. The more pictures you send, the better. It gives me more options to work with.
- your 800casting ID number (just your ID, I don't need your password). Let me know if you do not have an 800casting account.
- A short write-up about yourself, maybe how you got into acting, etc. Some people

have others write this for them. Just something to introduce yourself and the site. Some use quotes about themselves that other people have said like agents or directors. It makes the site a lot more personable.

- Any pictures that you want added to your gallery page (additional headshots, lifestyle pictures, on-set photos, etc.)
- What would you like your domain to be? 3 options please, because sometimes your name might not be available. Examples: www.JaneDoe.com, JaneBDoe.com, JBDoe.com.
- 3 of your favorite colors.
- Let me know also if you want to do the 6 month, 1 year or 2 year hosting plan.
- Referrals: If someone referred you, please let me know. You will get \$10 off your first hosting plan and whoever referred you will get \$10 off their next hosting plan. By the way, when you refer people, there is no limit to how many you refer, you will get \$10 off for each one.
